

# JEROS-200GB

- the effective and economical large conveyer belt washer

This is only some of the JEROS-advantages:

- ✗ Unique washing system with 2 pumps and 4 rotating wash arms that ensures an optimum washing result.
- ✗ No down holder necessary. This allows items of different heights to be washed automatically.
- ✗ Neutral zone for optimal after wash rinsing.
- ✗ Transport system with 2 stainless steel chains.
- ✗ Adjustable side-guides.
- ✗ Mobile and flexible on 4 wheels.
